

# CONDOR-NEW AGE LOGISTICS

## CAPABILITY STATEMENT

Condor Security of America, Inc. (Salinas, CA) and New Age Protection, Inc. (Springfield, VA) have combined resources to form a Joint Venture (JV), Condor New Age Logistics, LLC, a Small Business Administration certified 8(a) firm headquartered in Salinas, CA. We believe that open communication is a prerequisite to successful contracting and is the basis for everything we do. Condor New Age Logistics employs the expertise and ethical culture of U.S. military veterans in our workforce to serve our customers. Collectively, we have been successful in supporting 14 agencies within the intelligence community, state and local governments and highly productive industry clients.

## OUR VISION

Our drive for high ethical standards and commitment to excellence are the cornerstone of our core values, which are embraced by our employees and reflected through each company's exceptional contract performance. This JV collectively supports our goals to help advance critical missions of public agencies at all levels of the Federal Government. Through this mutually beneficial JV, we complement the services we offer and provide strategic technological and logistical solutions to our clients.

## CORE COMPETENCIES

Condor New Age Logistics JV provides services across four areas: Professional Services, Security, Logistics, and Information Technologies Services to government and industry clients.

- Our personnel provide entry to executive level professional services through our agency and facility support; FOIA and declassification, administrative, intelligence analysts, office and program management, and subject matter experts.
- Our security service capabilities are comprehensive and inclusive of all disciplines from Physical, Personnel, Information, Operations, and Cyber Security to Sensitive Compartmented Information Facility design and construction and daily management concept through accreditation.
- Armed/Unarmed Guards
- Vulnerability Assessments and Antiterrorism Training Support
- Logistics and Information Technologies support services such as:
  - Mail operations
  - Facilities help desk support
  - Records management
  - Warehouse management
  - Fleet management
  - Cable installation
  - Database management
  - Automated information systems installation and approvals
